## EDGE MIRROR

m101-419-041
COLLECTION: MODERN EDGE
DIMENSIONS: 42 dia $\times 1 \mathrm{D} \times 1 \mathrm{H}$
It's easy to live on the edge with this stunning mirror. While its circular form is timeless on its own, a wedge of Carcasta marble gives it unique character and memorable style. Use it by itself in an entry or hallway for a dramatic first impression or bunch two or three together behind a seating area to create a unique focal point. Outlined with a plated metal frame and finished in a warm Lucent Bronze, this mirror's luxe mix of materials conveys modern organic charm.
