Barrel chairs were never as dashing as this. Fully-dressed in sumptuous oyster-colored velvet with tailored stitching and contrasting exposed wood ribbon detailing, this piece is sublimely comfortable. Its back gently curves around the whole piece and is contemporized by a wide top rail that sweeps around the silhouette. Trapezoid legs, painted to match the frame in a shimmering Blush Taupe, add lightness to this piece. Warm and inviting with its dressy satin stripe throw pillow, this modern, retro-chic design is tomorrow's future classic statement.
