BUFFET

c012-016-211

COLLECTION: ADELA

DIMENSIONS: 78W x 21.5D x 34H

Throughout The Adela collection, curvaceous lines surround each piece, even on the sides. The Adela Buffet displays few straight lines: The Washed Alabaster maple doors curve outward; the sides of the piece bend inward. Wrapped in a flowing, delicately-carved, glistening Blush Taupe ribbon motif, the buffet sits on delicate trapezoid feet. Beckoning you to open its doors are two inset handles that are carved in the collection's astroid design element, each beaded in metallic Blush Taupe to shimmer like two pieces of jewelry on an evening gown. Behind the four doors, you'll find two tray drawers that have been delicately stenciled. Each side of the cabinet also has one adjustable shelf. This is a dazzling centerpiece for elegant service.
