There's no such thing as too much elegance—as this sophisticated chair illustrates. Infused with influences from the French Rococo era, it boasts a wood base featuring carved laurel leaf motifs accentuated by a Caramel Metallic painted finish. Modern splay arms add a contemporary flair to this extraordinary chair, as do shapely legs capped with metal ferrules. Channeling the Rococo period's love of extravagance, this artful chair is styled with luxurious pillows in a silky palette. With every element of style considered, it works beautifully on its own or in a pair situated across from a sofa or fireplace.
