ARM CHAIR

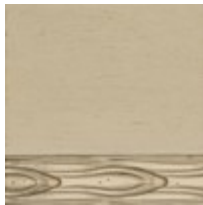

c062-419-271

COLLECTION: FONTAINEBLEAU

DIMENSIONS: 24W x 26D x 40H

Every statement dining table needs arm chairs as extraordinary as these. Reflecting designs and motifs from the Rococo period while reinventing them for today, this remarkable chair has no equal. Asymmetrical by design, its seat back feels aesthetically balanced and is lushly upholstered to support leisurely dinners and stimulating conversations. Outlined in an elegant frame, this arm chair wears a Champagne Mist finish while its classically inspired carvings are highlighted in Aglow. Metal ferrules add a modern touch to its front legs and complete the glamorous look.
