Integrating architecture with materials found in nature, this streamlined cabinet illuminates curated displays and collectables. Finished in Greenway, a complex mix of dark brown, black, and olive tones, the case exterior offers rich contrast to the door handles and interior, made from a digitally printed spalted maple. Linear in design and visually light, it has two glass doors, one adjustable glass shelf, and a single, wood-framed glass shelf. Features a back-lit mirrored panel with LED lighting. Modular design lets you style in pairs with our Handle It cabinet to fill a wall and create your own display.
