A well-crafted take on functional storage and display, this contemporary cabinet pairs warm wood tones with polished metal for a refined use of materials and finishes. Framed in a Warm Slate finish, its shadow box-like design features ample open space and adjustable glass shelves. On the right, its Sepia burl clad storage space is accented by Champagne Gold hardware, creating the appearance of an asymmetrical, box-within-a-box. For added function, the center shelf features a pullout tray for service, or a place to rest one's glass while admiring books and collectables. Both sides are fully finished, so it can function as a wall piece, or a free-floating divider.
