AROUND THE REEF

cla-419-2014

COLLECTION: CARACOLE CLASSIC

DIMENSIONS: 60 dia x 30H

Only the ocean could inspire a design as boldly memorable as this round dining table. Crafted of cast metal, its base channels the beauty of a coral reef and the majesty of the world that lies beneath the surface of the water. Magnificent from every angle, the distinctive design of this bold piece is highlighted with a Neutral Metallic finish that combines the beauty of silver and gold tones and blends seamlessly with both as well. A substantial 60-inch tempered-glass top makes it easy to see the beauty of this one-of-a-kind table and creates a dramatic dining space.

FINISH:
