DIMENSIONS: 19 dia x 20H

With its sculptural silhouette and natural allure, this side table is an invitation to pause and admire the quiet poetry of design. A top of unfilled travertine crowns the piece, its raw, organic beauty celebrated in every subtle vein and variation. Cradling the stone is a gracefully curved case, finished in a warm Porcini that reveals the depth and richness of wood grain. At once modern and timeless, this table is a refined companion to any space, evoking a sense of effortless sophistication and understated romance.
