Cruise ship elegance of yesteryear can be seen in the updated retro details of this magnificent credenza. Fumed figured eucalyptus, finished to a high sheen in Aged Bourbon, frames the exterior case that is distinguished by its shapely rounded corners. Bronze tempered glass doors, framed in strip of Smoked Bronze, reveal a large storage area painted in Smoked Bronze with two adjustable glass shelves. Two oversized drawers, painted on the interior in rich Dark Chocolate, showcase streamlined custom metal hardware. The piece sits on a sleek Smoked Bronze base with a fumed figured eucalyptus shelf that is also trimmed in Smoked Bronze.
