THE URBANE DINING SIDE CHAIR

sig-017-282

COLLECTION: Signature Simpatico

DIMENSIONS: 21W x 25D x 37H

The Urbane Dining Side Chair is a stylish reinterpretation of the ever-classic Klismos chair, a popular chair style that dates back to Egyptian times. Ours is dressed up for high-style entertaining in dark wood and supple leather. Offering the elegance of a European sports car, its comfortably curving quarter-figured eucalyptus wooden back is dressed in a rich, warm finish while the inside back and seat are elegantly upholstered in a decadent embossed leather in a rich Anthracite shade. A Deep Bronze metal frames the base of the chair and thin, contemporary tapered legs dress it up for high-style entertaining.
