THE ARABESQUE CONSOLE

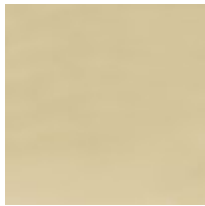

sig-416-446

COLLECTION: Signature Debut

DIMENSIONS: 72.75W x 14.25D x 30H

This dramatic and refined console borrows the star-and-diamond metal fretwork pattern to create a notable piece. The top frame and thin stretchers are finished in Brushed Majestic Gold, while the frets and square tapered legs are dipped in high-polished Majestic Gold. The piece is finished in ultra-clear glass. The result is a long, slender and sophisticated statement for any dining room, hallway or living room.
