## THE ANONYMOUS COCKTAIL TABLE

sig-418-405

**COLLECTION:** Signature Urban

**DIMENSIONS:** 37.75 dia x 14H

Looking for a distinctive cocktail table to add a warm yet modern focal point? Look no further, the Anonymous Cocktail table's striking circular shape and modern mix of materials promises to create a memorable, modern centerpiece while adding interesting layers of texture. We particularly love the contrast between the softness of the Urban Brass and the linear woodgrain of the Ebony Macassar. This unique table's surface is rendered in a reflective black glass and artfully rimmed in Urban Brass—creating a rich, lustrous look. To create an interesting juxtaposition of shapes perfect for larger spaces, pair the bold circular-shaped Anonymous Cocktail table with the oblong-shaped Flow Cocktail table.
