King

DIMENSIONS: 82W x 87.5D x 89H

Evoking the regal epoch of France, the Couturier Canopy bed artfully captures the haute couture spirit of Paris. Authentic dressmaker details give this bed its provenance such as the trifold detail on either end of the custom colored crème leather upholstered headboard. The bed's black lacquer canopy and posts have been carved to give the crème leather that gracefully wraps its frame an embossed effect. The footboard is finished in black lacquer with gold and silver leaf accents. Gold knuckles accent the bed's canopy and the bed rests atop gold metal legs. Rendered in a chic black and white palette, this awe-inspiring bed epitomizes the French avant-garde designs envied by the world over.
