## LA PETITE COQUETTE SIDE TABLE

sig-419-429

**COLLECTION:** Signature Promethean

**DIMENSIONS:**  $14W \times 14D \times 25H$ 

We playfully named this petit table 'the little flirt' after its feminine details and flirty silhouette. Inspired by a vintage side table discovered in a chic Parisian boutique hotel, our Petit Cocquette table offers pretty details. Its shapely, curving legs are fashioned in acrylic and dressed with a pretty scrolling foot in a gold metal. The table is topped with a black marble.
