CONSTELLATION END TABLE

sig-423-411

COLLECTION: Caracole Signature

DIMENSIONS: 15 dia x 22H

A Brushed Tungsten finish elevates this tall metal cylinder, designed to pair with our Constellation cocktail table. Adds warmth and a shimmering metallic accent, whether in orbit with other pieces, or styled on its own as a simple yet luxurious modern end table. A clever use of negative space adds depth and a functional element.
